Electives

The ISE degree requires:

- 9 credits of **ISE Technical Electives** from a list,
- 6 credits of **Technical Electives**,
- 3 credits of **Engineering Science Electives** from a list, and
- 2-3 credits of **Free Electives** (2 credits required if MATH 2114 is taken, 3 credits required if MATH 1114 taken).

Only Free electives or Area 6 courses that are offered only on a P/F basis (e.g., FA 2004) may be taken under the P/F grading option.

Change of Major Requirements: Please see: <http://www.enge.vt.edu/undergraduate-changing-majors.html>

Foreign Language Requirements: Students must have had 2 years of a foreign language in high school or one year at the college level (6 credits) of the same language. College-level credits used to meet this requirement do not count towards the degree.

Satisfactory Progress Towards Degree: University Policy 91 outlines university-wide minimum criteria to determine if students are making satisfactory progress towards the completion of their degrees. The ISE Department fully supports this policy.

In addition, upon completion of two semesters as an ISE major, students must have

- a minimum in-major GPA of 2.0 or better (in-major GPA is determined from all ISE and required STAT classes);
- completed ISE 2004, 2014 (with a C- or better in each).

Statement of Hidden Prerequisites: Prerequisites for each course are listed after the course title. Students must earn a C- or better in ISE, STAT, and MATH courses which are pre-requisites for subsequent ISE courses. Prerequisites may change from what is indicated. Be sure to consult the University Catalog or check with your advisor for the most current requirements. There are no hidden pre-requisites in this program of study.

Course Availability: Course offerings are subject to change; students should consult an ISE academic advisor or the University Timetable for course offerings each semester.

Graduation Requirements: Each student must complete at least 124 semester credit hours with a minimum overall GPA of 2.00 and a minimum in-major GPA of 2.00. (In-major GPA is determined from ISE and required STAT classes).

INDUSTRIAL AND SYSTEMS ENGINEERING ELECTIVE REQUIREMENTS

For students graduating in calendar year 2022

In selecting electives, students should carefully note that:

- Some courses may not be available to all students due to prerequisite requirements and/or major restrictions.
- Courses with substantial duplication of courses required for the BSISE will not qualify for credit.
- Students pursuing a Minor may need to select specific courses as ISE Technical Electives, Technical Electives, Engineering Science Electives, or Free Electives to satisfy the Minor requirements.

ISE Technical Electives (9 credits required)

The purpose of this requirement is to enable students to develop expertise in a particular area of the ISE discipline.
